I have dreamed of the establishment here of a College of Commerce, as an integral part of our activities; of the foundation of Industrial Fellowships for the investigation of specific problems connected with Industry. India is entering upon a new stage in her history. Manufacture is as yet only in its beginning; but there can be no question as to its future development. Men will be needed to solve many of its as yet unsolved problems—problems connected with such substances as glass, sugar, paints, drugs, iron and oil. It is certainly possible for a University to forward the progress of such industry, without departing in the slightest degree, from her legitimate and primary functions, because, in the act of doing so, she will be lending herself to the increase of useful knowledge and, at the same time, will bring her Alumni into touch with the throbbing life of the masses of the people, where their influence is most deeply needed, and where they themselves will find scope for the fullest exercise of all the powers they may possess.

A friend recently said to me, The real problem of India is not that of finding employment for educated men, but rather the education of men who will find employment for themselves. Shall we not address ourselves to this problem by an honest attempt to eliminate from our methods everything that tends to produce the purely mechanical type of man, and substitute for it all that can be found to fit our students for the larger life of which many of them are capable?

Gentlemen of the Senate,—On this occasion, probably the last upon which it will be my privilege to address you, I cannot refrain from some expression of my appreciation of the pleasure and honour which I have enjoyed in being permitted, for six years, to preside over your deliberations and to take part in the administration of an institution which bears so close a relation to the welfare of the people of these Provinces and States of the great North-West. We have together attempted many things, and in most of them have achieved a reasonable degree of success. You have been uniformly forbearing and courteous and, though there have been honest differences of opinion amongst us, I cannot recall to-day a single instance of unpleasantness in our relations with each other. To you as a Senate, and as individuals, therefore, I venture to utter this word of altogether inadequate but wholly sincere appreciation.

Members of the Graduating Classes,—You are to be congratulated to-day upon the completion of a task undertaken by you in the very early years of your lives. To some of you the way has doubtless seemed long and hard, and, in not a few instances it has actually been lengthened by interruptions in progress due to differences of opinion that have been found to exist between examiners and yourselves. But to-day whatever of disappointment or discouragement you may have suffered, you can afford to forget as you set your faces toward the future.

Again, as last year, I make no apology for referring to the appalling world-conditions which so largely fill the thoughts of us all. During the past seventeen months, India has borne a noble part in her own defence and in the defence of privileges and principles enjoyed and professed by the Great Empire of which she forms a part. The conviction that success will ultimately crown the heroism, the resources and the patient endurance of the Allies, is irresistable. It is so, not only because they possess a mighty equipment of means and men, but because their hands are strengthened and their hearts cheered by the belief that they are contending for the things that are just and true and good, and have resolved to achieve them at whatever cost.

Young gentlemen, this gigantic struggle touches us all.

Your brothers, your friends, are upon the firing-line or in the camps where men minister to the wounded and dying. Others of them have already laid down their lives at the bidding of King and Country. More, and yet more of self-devotion, may be demanded. The students of our Universities may some day hear the call that has emptied lecture-halls in Europe. Should that call come, we may, I believe, count with confidence upon a splendid response Your spirit of loyalty to the King-Emperor and your adherence to those principles of righteousness which you have learned to value and to associate with the name of the British Empire seem to me to make this secure. "East is East and West is West," and the twain have, marching side by side, met upon the battlefields of the Empire,—a presage of that time when they shall in closer sympathy that ever in the past, unite to perpetuate and maintain, in fullest action the principles that lie at the basis of the Government under which we live. These days of carnage, this period when the struggle between men and men is more deadly than ever before in human history, must ere long come to an end. We are fain to believe that the days of reconstruction and re-adjustment between the nations are not far off. Honest, capable self-sacrificing men will then be in no less demand than they are now, when millions are fighting for their lives and for things which they account even dearer than life. Strong, wise, calm leaders of the people will be, and even now are, required; not from the official classes alone, by any means, but men dwelling amongst the people, rising to spheres of unsought leadership because of qualities which fit them to stand unmoved in adherence to the right, in the face of every gust of uncontrolled passion and in steadfast opposition to all that is wrong. You seek a sphere. Here it lies before you. It is unlikely that in it you will find either great fame or great wealth. But you will unquestionably find, if you possess the requisite courage and ability, that which is of vastly more value, the joy that springs from a conscience that approves and from sharing in the best things that human life affords.

You are and will be what you make yourselves. In the years to come, you will grow in the ratio of your wisely directed endeavours, and will shine by the light that is in you as tapers, st rs or suns. By this law, the path of possible human progress is glorious beyond conception. Persistent self-culture, unflinching determination to discover and tread the path which will lead you most directly into the place where your days will count for the most in guiding, succouring and uplifting your fellow-men,—for the practice and exercise of these, no more peremptory call was ever heard by men than that which you may, if you will, hear to-day.

"God give us men. A time like this demands

Great hearts, strong minds, true faith and willing hands;

Men whom the lust of office does not kill;

Men whom the spoils of office cannot buy;

Men who possess opinions and a will;

Men who have honour, men who will not lie."

After the conclusion of the address, His Honour the Chancellor declared the Convocation closed. His Honour was then conducted by the Vice-Chancellor and Fellows to the main entrance and took his departure.

By order,

A. C. WOOLNER,

Registrar.

FROM

MESSRS BASANT RAM & SONS,

Auditors of Accounts.

To

THE REGISTRAR,

University of the Panjab,

Lahore.

Dated Lahore, the 25th November 1915.

DEAR SIR,

WE beg to report that we have audited the accounts of the Panjab University for the months of July, August, September and October, 1915.

The following accounts were scrutinised :—

(1) The Current Account.

(2) The Oriental College Account.

(3) The Law College Account.

(4) The Special Endowment Trusts Account.

(5) The General Endowment Fund Account.

(6) The unendowed Special Subscription and Donation Account.

(7) The Provident Fund Account.

We have examined the Cash Books and the Ledgers of the various accounts and also the Bank Pass Books relating thereto. The balances at the end of each month have been verified with those shewn in the Bank Pass Books.

The following defects were noticed by us in the course of our audit :—

CURRENT ACCOUNT.

Receipts.

In a few instances there were differences in the amounts shewn in the counterfoils and the amounts taken into the Cash Book. On our pointing out, the former were corrected.

This is due to not comparing and completing accounts daily. The differences have been corrected and I have satisfied myself after comparing the Cash Book with the Memo. Book and the receipt books.

APPENDIX A.

Letter dated 8th April 1916.

From—Messrs. BASANT RAM & SONS, Auditors of Accounts, Lahore,

To—The Secretary, Punjab Public Library, Lahore.

DEAR SIR,

WE have checked the accounts of the Punjab Public Library for the year ending 31st March 1916 and have found them correct, subject to the following remarks :—

RECEIPTS.

We could not check the Receipt side of the Cash Book from 8th April 1915 to 22nd July 1915 as the counterfoil Receipt Book from No. 1 to 100 pertaining to the receipts of this period was not forthcoming. The same is said to have been mislaid.

We have seen that all the payments are properly supported by vouchers except the following :—

Date.	*Particulars.*	*Amount.* Rs. A. P.
(1) 1st October 1915 ...	Paid to Messrs. D. B. Taraporevala, Sons & Co., Bombay ...	16 2 0
(2) 14th October 1915 ...	Ditto Ditto ...	11 12 0

For No. 1 we have been shown a stamped receipt which does not bear the firms' signature and we have seen that the payment No. 2 has been made by cheque.

We have seen that the various items of expenditure have been sanctioned by the Library Committee. Under the following heads, there is increase over the Budget Sanction :—

Head.	*Budget Sanction.* Rs. A. P.	*Actual Expenses.* Rs. A. P.	*Exceeded by* Rs. A. P.
1. Office Establishment	3,588 0 0	3,600 8 9	12 8 9
2. Famine Allowance...	48 0 0	54 2 0	6 2 0
3. Subscription to Journals and Periodicals ...	370 0 0	707 12 4	337 12 4

We are told that the excess under head No. 3 is due to the fact that subscriptions for Periodicals from England for the year 1916 have also been paid during the year under report.

On the whole the total expenditure sanctioned by the Committee in the beginning of the year was Rs. 9,268-8-0, while the actual expenses during the period amount to Rs. 8,165-3-2, and so the total expenditure is within the sanctioned budget.

Under the Head of (Receipts) income was estimated at Rs. 8,387, while the actual income has been Rs. 12,946-5-10.

Lastly we beg to thank the Librarian for the help rendered to us in the course of the audit.

Yours faithfully,

BASANT RAM & SONS.,

Auditors.

APPENDIX E.

PUNJAB PUBLIC LIBRARY, LAHORE.

Note on the working of the Institution for the year ending **31st** *March* 1916.

1. The Committee of the Lahore Gymkhana nominated Captain H. C. Szezepanski to succeed Mr. Edwin Haward who had resigned. The Right Revd. the Lord Bishop of Lahore nominated the Canon G. S. Syme in succession to the Revd. Mr. H. T. Wheeler. The former resigned before the close of the year, being about to proceed on leave, and the Lord Bishop has been asked to nominate his successor. Mr. Manohar Lal, M.A., Bar.-at-Law, Lahore, and Mr. Kanwar Sain, M.A., Bar.-at-Law, Principal, Law College, Lahore, continued to represent the Life-members on the Committee during the year.

2. Thirty-five thousand and five-hundred and twenty-five volumes were read or referred to in the Library, and 9,059 taken out by subscribers and life-members. The total number of volumes read or referred to in and out of the Library was 44,584.

3. Similar figures for the past five years are as follows :—

Year.	Number of volumes read or referred to in the Library.	Number of volumes taken out of the Library.	Total Number of volumes read or referred to in or out of the Library.
1910	21,231	6,671	27,902
1911-12	27,719	10,576	38,295
1912-13	23,053	8,640	31,693
1913-14	22,133	7,740	29,873
1914-15	35,842	7,380	43,222

4. Seventy-six annual subscribers and four life-members joined the Library during the year under report and sixty did not renew their subscriptions. The total number of subscribers on the 31st March 1916 was 209 and that of life-members 181.

5. Similar figures relating to the quinquennium ending 31st March 1915 are as follows:—

Year.	Number of new subscribers.	Number of subscribers who did not renew their subscriptions.	Number of life-members joined.	Effective number of subscribers.	Effective number of life-members.
1910 ...	76	118	12	230	135
1911-12 ...	118	107	10	241	143
1912 13 ...	105	87	8	259	149
1913-14 ...	85	102	14	262	161
1914-15 ...	58	107	19	193	179

6. One thousand and two hundred and twenty three volumes were added to the Library. Of these 755 were presentation copies (including 568 reports and blue books) for which the thanks of the Committee are due to the Government of India, the Governments of the Punjab, and the North-West Frontier Province, the Financial Commissioners, Punjab, the Secretary, Public Works Department, Punjab, the Director-General of the Geological Survey of India, the Director-General of the Archæological Survey of India, the Director, Agricultural College, Pusa, the Deputy Commissioner, Kohat, the Commissioner, Lahore Division, Mr. R. C. Bolster, Mr. M. N. Dhala, the Principal, Government College, Lahore, and Syed Mumtaz Ali.

7. The arrangements made at the desire of the Punjab Government to keep in the premises of the Library and make available to the public for consultation specifications of patents and designs registered in India were renewed for another year. The specifications, which are available for consultation in a separate wing provided for the purpose, number 2,411.

8. The expenditure on the purchase of books and periodicals during the year amounted to Rs. 2,145-4-4 and Rs. 707-12-4 respectively. A sum of Rs. 277-4-0 was spent on book-binding. The Punjab Government was pleased to sanction a special grant of twenty thousand rupees for the purchase of books and to raise the monthly grant from Rs. 300 to Rs. 400 to enable the Committee to strengthen the administration of the Library. The special grant of twenty thousand rupees will be paid in five annual instalments of Rs. 4,000, beginning from the year 1915-16. The Committee appointed a special Sub-Committee to make suggestions for the utilization of these grants, and the proposals made by it have been considered and approved by the Committee.

9. The progress made in seeing the revised Catalogue through the Press may be noted briefly. Two hundred and sixty-four pages (covering four sections—Indian History, Philosophy, Religion and Philology), of the second volume of the revised edition of the Catalogue have been printed off. Sections "Literature", "Science," and "Useful Arts," are being seen through the Press. The Manuscript of Section "Law" is under preparation and will soon be ready for the Press. This, with an appendix containing lists of various series and a supplement containing books added to the Library since the publication of the first volume and the sections referred to above will complete the second volume. The work of revising the Catalogue and seeing it through the Press is being done by the staff along with the discharge of their normal duties, and that is the reason why its progress has not been as great as it might have been. It may also be mentioned in this connection that the Punjab University engaged the services of a qualified Library expert from America, who organised during the cold weather a series of lectures on matters pertaining to Classification and Library management generally; and these were open to all engaged in Library work in the Punjab. The Librarian of the Punjab Public Library joined this class. At the end of the course Mr. Asa Don Dickinson held an examination in the pass list of which our Librarian took a high place. The Punjab Public Library has thus a Librarian who with his experience of over 10 years in the working of the Punjab Public Library combines professional training under an expert. He has been elected a member of the American Library Association.

10. The year 1915-16 began with a balance of Rs. 2,765-10-4 and the Receipts during the year amounted to Rs. 12,946-5-10 including the first instalment of Rs. 4,000 on account of the special grant made by the Punjab Government. The total outlay under various heads of expenditure was Rs. 8,165-3-2 and the year closed with a balance of Rs. 7,546-13-0. The latter sum includes Rs. 1,415-0-11 deposited in the Post Office Savings Bank as security deposits of the annual subscribers. It also includes the special grant made by Government for the purchase of books during the past year but not yet spent, and also the balance of the enhanced monthly grant not spent during the year and ordered to be funded in order to form the nucleus of a Provident Fund for the staff.

11. The Committee held eight meetings during the year to transact current business.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

C. A. BARRON,
Chief Secretary to Government, Punjab.

Miscellaneous Notices and Advertisements.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

NOTIFICATIONS.

The 11th May 1916.

No. 81.—*Notification.*—In exercise of the powers conferred on him by section 59 of the Punjab Excise Act, 1914 (I of 1914), the Financial Commissioner is pleased to issue the following amendment to the rules for the management of Charas wharehouses, etc., published with notification No. 50, dated the 19th March 1915 :—

The 12th May 1916.

No. 82.—*Notification.*—With reference to rule 92 of the rules for the working of distilleries in the Punjab, published with notification No. 247, dated 12th October 1915, as amended by notification No. 286, dated 25th November 1915, and notification No. 300, dated 16th December 1915, the following specifications of Light Caoutchoucine and of Mineral Pyridine Bases for use in the denaturation of spirit, which have been approved by the Financial Commissioner, are published for information.

SPECIFICATION FOR LIGHT CAOUTCHOUCINE.

(1) *Nature.*—By "caoutchoucine" is meant the liquid obtained by the dry distillation of vulcanised rubber. By "light caoutchoucine" is meant the liquid obtained by redistilling "caoutchoucine" and correcting that portion which passes over at or below about 200° C.

(2) *The specific gravity of light caoutchoucine.*—The specific gravity of light caoutchoucine at 60° F. should lie between ·835 and ·860 referred to water as 1·000.

(3) *Boiling test.*—For the purpose of this test, 100 c.c. of light caoutchoucine should be redistilled in the pyridine testing flask (see specification for pyridine bases). Under those conditions not more than 15 c.c. of distillate should pass over at or below 100 c. whilst a total (including the foregoing) of at least 70 c.c. should pass over at or below 200° C.

(4) *Absence of soluble constituents.*—When 25 c.c. of light caoutchoucine are shaken with an equal volume of water in a stoppered graduated cylinder and due time is allowed for the liquids to separate again into two layers the light caoutchoucine should show no appreciable diminution in volume.

(5) *Neutrality.*—The aqueous layer obtained from test (4) should show no marked acidity or alkalinity when tested with both red and blue litmus paper.

(6) *Limit of saturated hydrocarbons.*—At least 70 per cent. of the light caoutchoucine should be soluble in concentrated sulphuric acid. For testing this, 25 c. c. should be measured off into a tapped and stoppered separating-cylinder of suitable capacity and sulphuric acid hould be added, at first with great care and in very small quantities. After each addition of acid, the cylinder should be shaken and cooled to avoid loss of volatile constituents. Sufficient acid must be used (usually about 50 c.c.) for the high coloured layer to become quite fluid so that it can separate readily from the upper layer of unattacked constituents. After a final thorough shaking and cooling the cylinder should be left for about three hours to effect complete separation of the two layers and the lower layer be then tapped off. The almost colourless upper layer should be again shaken with strong sulphuric acid until it appears f from soluble constituents (as judged by the colour imparted to the sulphuric acid) and separated as before after standing. It should finally measure not more than 7 c.c.s. The acid used should be of specific gravity 1·84, and may be of commercial quality.

(7) *Freedom from water.*—Light caoutchoucine should not contain any appreciable amount of water. Any officer engaged in drawing samples for test should certify on the bottle that he has drawn the samples from the bottom of the containing vessel where the water, if

present, will be found. For this purpose he should employ a syphon tube of which the shorter limb reaches to the floor of the containing vessel. He should also assure himself that the sample in collected in a bottle free of moisture.

SPECIFICATION FOR MINERAL PYRIDINE BASES.

I. *Colour.*—The colour must not be darker than that given by two cubic centimetres of deci-normal iodine solution dissolved in one litre of distilled water.

II. *Miscibility with water.*—20 c.c. of the pyridine bases should give a clear mixture with 40 c. c. of water; or else a mixture only so slightly opalescent that, after standing for five minutes, ordinary newspaper type is clearly visible through a layer 15 c. m. deep.

III. *Amount of water present.*—From 20 c.c. of the pyridine bases mixed with 20 c. c. of caustic soda solution (density 1·4), at least 18·5 c.c. of the bases should separate, after having been repeatedly shaken together and allowed to stand.

IV. *Titration.*—Dissolve 1 c.c. of the pyridine bases in 10 c.c. of distilled water. Titrate with normal sulphuric acid until a drop of the mixture gives a definite blue spot on congo-red paper (the blue colour should at once disappear). At least 10 c.c. of the normal sulphuric acid should be required to produce this reaction. (To prepare the congo-red paper, dissolve one gram of congo-red in one litre of distilled water. Soak filter paper in this and then dry.)

V. *Cadmium Chloride Reaction.*—Vigorously shake together 10 c.c. of a solution of 1 c.c. of pyridine bases in 100 c.c. of distilled water with 5 c.c. of a 5 per cent. solution of dry fused Cadmium Chloride. A distinct crystalline precipitate should immediately result.

VI. *Boiling point.*—Distil 100 c c. of the pyridine bases in the manner described below. At least 90 per cent. should distil over at or under 140 degrees C.

Method.—100 c. c. of pyridine bases are placed in a short necked copper flask of about 200 c.c. capacity. The flask is arranged on an asbestos card which has a circular hole of 30 m.m diameter cut in it. To the flask is attached a fractionating column (consisting of a tube 13 m. m. wide and 170 m.m. long, provided with one bulb) of which the side-tube (issuing 1 c. m. above the bulb) joins a Liebig's condenser of which the cooled part is at least 400 m.m. long.* A standard thermometer is placed is the head of the column so that its bulb occupies the centre of the bulb of the column.

The speed of distillation is adjusted to 5 c. c. per minute, the distillate being received in a graduated glass-cylinder. At least 90 c. c. should distil over at or under 140 C. at a barometric pressure of 760 m. m.

If the barometer varies from 760 m. m. a correction of 1° C. for each 30 m. m. of variation should be applied (*e.g.*, under 770 m. m. of pressure 90 c. c. of distillate should come over at or under 140·3° C., whilst under 750 m. m. the same amount of distillate should come over at 139·7 C.).

*FOOT NOTE.—The above pattern is that specified in the German Government's Regulations and has been suggested for adoption as being a simple form obtainable in every chemical laboratory. (Messrs. Baird and Tatlock, Limited, London, have been furnished with the details with a view to its supply). The more modern double-surface condensers may, of course, be substituted where available.

The 17th May 1916.

No. 85.—*Notification.*—In exercise of the powers conferred on him by section 59 of the Punjab Excise Act, 1914 (I of 1914), the Financial Commissioner is pleased to make the following amendment in rule 61 of the rules for the grant of licenses for the manufacture, supply, storage and sale of certain kinds of liquor in the Punjab, published with his notification No. 26, dated the 22nd January 1915:—

"*For* 'January' in the first line of the said rule shall be *read* 'December'."

J. C. GODLEY,

Director of Public Instruction, Punjab.

Queen Ma y's College, Lahore.

THIS school has been founded in order to give girls of the higher ranks an education suitable to their position. The proposed education is to be first and foremost womanly, and pupils will not for the present be prepared for the matriculation examination of the University. The Indian ideals of self-sacrificing motherhood and simplicity of life will be held sacred, and the education given, while conducted on the best modern methods, will seek in every way to guard the ideal of the Indian wife in her home. For this reason the curriculum ncludes lessons on the care of children's health, simple remedies for ordinary illnesses, "first aid" invalid cookery, and science as applied to the home in the shape of the elementary laws of sanitation, ventilation, etc. Great stress is laid on needlework, and every kind of both Indian and English needlework, plain and artistic, including the use of the sewing machine, is taught by competent teachers.

Study of Vernaculars.—The intelligent study of the mother-tongue is the basis of education in every country, and great attention is paid to the vernaculars. Hindi, Urdu and Gurmukhi are taught by fully qualified teachers, and instruction is given in beautiful writing as well as in reading and composition.

When a pupil has acquired sufficient mastery over her own vernacular, she may proceed to the study of Persian or Sanskrit, Arabic, or French.

Religious Education.—Reference to the list of subscribers to Queen Mary's College will show that all sects are represented; therefore distinctive sectarian teaching cannot be given. There is, however, much on which all religious-minded people agree. The virtues of modesty, self-sacrifice, obedience, gentleness and many others are honoured by all alike. Moral lessons are given daily on such virtues and duties, and these are illustrated by examples drawn from the literature of all nations and all times.

Age.—Parents are advised to send their children at about six years of age, in order that they may obtain full benefit from the courses of instruction.

Fees.—Entrance	... ...	Rs. 10 per month.
All classe below Middle	... ...	„ 5 „
Middle and High	... ...	„ 10 „

No reduction is made for sisters.

Fees must be paid in advance before the 15th of each month.

Fees will be remitted in all cases of prolonged illness upon receipt of a medical certificate given by a fully qualified doctor.

Parents are advised not to send valuable jewellery. If English shoes are worn they must have very low heels, or none at all. Boots are not allowed. Twelve handkerchiefs are necessary. 4 pillow-cases.

Furniture.—Bedsteads and all necessary furniture will be provided.

Cooking.—Separate cook-houses are provided for Hindus, Sikhs and Mussalmanis. There is a Brahmani cook for the Hindus. Boarders should bring the table-utensils to which they are accustomed, or request the Principal to buy for them such things as are used by Europeans. Four meals are provided during the day. Milk is given twice daily. Extra milk or special diet will be separately charged for.

Recreation.—Physical exercise is taken at various times in the day in the large garden of the College. Tennis, badminton, croquet and other games are played. Those who are not in pardah go for occasional walks and drives.

Games' fee.—Re. 1 a term. Indian shoes or English tennis shoes must be worn on the grass.

Servants.—Sufficient women servants are provided. No private servants are necessary.

Visitors.—No girl will be allowed to leave the premises without the express permission of the parents or guardian, who thereby make themselves responsible for the pupil's safety. Pupils may only see those relatives who bring a letter from the father or guardian. Visiting hours 4—6 P.M.

Illness.—Medical attendance will be charged for if necessary. All arrangement for care of pupils during sickness will be made by the Principal. There is a small hospital on the premises.

Leave of absence.—Leave of absence will not be given in term time except on very urgent business. Girls who attend weddings or other crowded functions will be isolated for several days on return owing to danger of infection. No reduction made for any absen e Leave on Sundays for the day begins at 11 A.M.

Preparatory School for the sons of Chiefs and Raises.

THIS School is situated opposite Queen Mary College, Lahore.

The teachers, English and Indian, are supplied from the Staff of Queen Mary College under the supervision of the Principal. An English Lady is resident, and there is also an experienced Indian matron.

The School aims at laying the foundation of a good moral character in the boys, when young, and giving them the first stage of a good modern education including daily practice in talking English.

Miscellaneous Notices and Advertisements.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

Miscellaneous Notices and Advertisements.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

Miscellaneous Notices and Advertisements.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has dec'ded that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,

Offg. Chief Secretary to Government, Punjab.

Queen Mary's College, Lahore.

THIS school has been founded in order to give girls of the higher ranks an education suitable to their position. The proposed education is to be first and foremost womanly, and pupils will not for the present be prepared for the matriculation examination of the University. The Indian ideals of self-sacrificing motherhood and simplicity of life will be held sacred, and the education given, while conducted on the best modern methods, will seek in every way to guard the ideal of the Indian wife in her home. For this reason the curriculum includes lessons on the care of children's health, simple remedies for ordinary illnesses, "first aid" invalid cookery, and science as applied to the home in the shape of the elementary laws of sanitation, ventilation, etc. Great stress is laid on needlework, and every kind of both Indian and English needlework, plain and artistic, including the use of the sewing machine, is taught by competent teachers.

Study of Vernaculars.—The intelligent study of the mother-tongue is the basis of education in every country, and great attention is paid to the vernaculars. Hindi, Urdu and Gurmukhi are taught by fully qualified teachers, and instruction is given in beautiful writing as well as in reading and composition.

When a pupil has acquired sufficient mastery over her own vernacular, she may proceed to the study of Persian or Sanskrit, Arabic, or French.

Religious Education.—Reference to the list of subscribers to Queen Mary's College will show that all sects are represented; therefore distinctive sectarian teaching cannot be given. There is, however, much on which all religious-minded people agree. The virtues of modesty, self-sacrifice, obedience, gentleness and many others are honoured by all alike. Moral lessons are given daily on such virtues and duties, and these are illustrated by examples drawn from the literature of all nations and all times.

Age.—Parents are advised to send their children at about six years of age, in order that they may obtain full benefit from the courses of instruction.

Fees.—Entrance	...	...	Rs. 10 per month	
All classes below Middle	...	...	" 5	"
Middle and High	...	...	" 10	"

No reduction is made for sisters.

Fees must be paid in advance before the 15th of each month.

One month's notice is required for leave of absence or withdrawal; otherwise full fees will be charged.

Fees will be remitted in all cases of prolonged illness upon receipt of a medical certificate given by a fully qualified doctor.

BOARDING HOUSE.

Fees.—Rs. 30. Washing included. Tuition fees extra.

Dress.—Only Indian dress may be worn. For winter at least 4 changes of garments are required; in summer 8. Each girl should bring 3 pairs of sheets and blankets and 6 towels, or these can be provided and charged for. In winter 2 thick blankets will be required. Parents are advised not to send valuable jewellery. If English shoes are worn they must have very low heels, or none at all. Boots are not allowed. Twelve handkerchiefs are necessary. 4 pillow-cases.

Furniture.—Bedsteads and all necessary furniture will be provided.

Cooking.—Separate cook-houses are provided for Hindus, Sikhs and Mussalmans. There is a Brahmani cook for the Hindus. Boarders should bring the table-utensils to which they are accustomed, or request the Principal to buy for them such things as are used by Europeans. Four meals are provided during the day. Milk is given twice daily. Extra milk or special diet will be separately charged for.

Recreation.—Physical exercise is taken at various times in the day in the large garden of the College. Tennis, badminton, croquet and other games are played. Those who are not in pardah go for occasional walks and drives.

Games' fee.—Re. 1 a term. Indian shoes or English tennis shoes must be worn on the grass.

Servants.—Sufficient women servants are provided. No private servants are necessary.

Visitors.—No girl will be allowed to leave the premises without the express permission of the parents or guardian, who thereby make themselves responsible for the pupil's safety. Pupils may only see those relatives who bring a letter from the father or guardian. Visiting hours: 4—6 P.M.

Illness.—Medical attendance will be charged for if necessary. All arrangements for care of pupils during sickness will be made by the Principal. There is a small hospital on the premises.

Leave of absence.—Leave of absence will not be given in term time except on very urgent business. Girls who attend weddings or other crowded functions will be isolated for several days on return owing to danger of infection. No reduction made for any absence. Leave on Sundays for the day begins at 11 A.M.

Letters.—All letters sent and received will be seen by the Principal. Information may be obtained from the Principal.

The School aims at laying the foundation of a good moral character in the boys, when young, and giving them the first stage of a good modern education including daily practice in talking English.

Age of Boys.—Boys can be admitted at 5 years, and may stay on till the age of 11 if well-behaved. Boys will not be admitted over 8 years of age, except under special circumstances.

Miscellaneous Notices and Advertisements.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,

Offg. Chief Secretary to Government, Punjab.

Miscellaneous Notices and Advertisements.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,

Offg. Chief Secretary to Government, Punjab.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay) and to Local Fund servants earning pension from Government.

Constitution and management.

1. The Sheriffs' Petty Accounts are made up of the numerous petty sums received by Civil, Revenue and Criminal Courts from parties to suits or other judicial proceedings for immediate disbursement in full (as for diet-money of witnesses, commission fees, &c.).

2. The following are examples of items which should be dealt with under "Sheriffs' Petty Accounts":—

(a) Sums deposited by parties as the expenses of witnesses in Civil, Criminal and Revenue cases.

(b) All sums received for immediate disbursement as costs in partition cases (revenue).

(c) Sums deposited as costs in connection with applications for succession certificates other than the cost of stamps deposited by applicants under Act VII of 1889.

(d) Similar petty items received for immediate disbursement in full.

3. The accounts of these deposits should be kept in the following registers, the forms of which are annexed:—

Register A.—Showing Income from petty Deposits.

Register B.—Showing Repayments of petty Deposits.

Register C.—Showing abstracts of Receipts and Payments and the balance in the hand of the process-serving agent at the end of each day.

Register D.—Register of Processes received and disposed of by the agent (revised form for present Register No. 23).

Register E.—Cash Account of the Permanent Advance held by the agent.

Register F.—Ledger Account with other agents.

Form G.—Receipt Book.

Form H.—Note Book of Process-servers.

Form I.—Court's Payment Order.

Form J.—Memo. to accompany Remittances of surplus to the Treasury.

Form K.—Memo. to accompany Remittances of monthly balance to the Treasury.

Form L.—Consolidated Memo. of Remittances to the Treasury.

Form M.—Stock Book of Forms.

4. No change or modification should be made in the form of these registers without the previous sanction of the Chief Court.

5. The District Judge is responsible for the prompt and efficient service of all processes issued by the Civil, Revenue and Criminal Courts of his district; where control of the process-serving establishment has been delegated to a Subordinate Judge under section 37 of the Punjab Courts Act, the responsibility devolves upon such Subordinate Judge.

6. The District Nazir is head of the process-serving establishment. It is his duty to submit reports relating to the members of the establishment or their duties to the District or Subordinate Judge; to arrange for the distribution of business among process-servers and the transmission of processes to agencies located at tahsils; to keep up the prescribed accounts; and to undertake correspondence regarding the payment of diet-money of witnesses and other similar matters.

7. The processes issued by courts are served by the following agencies:—

(*i*) Process-serving agent at the head-quarters of the district.

(*ii*) Process-serving agent at the head-quarters of a tahsil in the district.

(*iii*) The agency in other districts.

8. The agency at the head-quarters of the district is directly managed by the District Nazir with the assistance of the Civil Nazir under the supervision and control of the District or Subordinate Judge and of such other judicial officer as the District Judge may appoint for the purpose. The judicial officer so appointed will be known as the officer in charge of the Nazarat or head-quarters agency. The agency at each outlying tahsil is managed by a Naib Nazir or Madad Naib Nazir appointed for the purpose under the immediate supervision of the Munsif, Special Munsif, or Tahsildar where there is no Munsif, and subject to the general control of the District Judge. Such Munsif or Tahsildar shall be known as officer in charge of the Tahsil agency.

9. When an application involving a deposit in the Sheriff's Petty Accounts is presented in court, as for example, an application for the summoning of witnesses to whom diet-money is to be paid, the Court Reader shall note thereon the number of the case, in order to enable the process-serving agent to make the necessary entry in Register A. After the usual orders have been passed and recorded by the court, the applicant shall tender the amount of his deposit together with the application to the local agent who will fill in columns 1—7 of Register A, and prepare a receipt in foil and counter-foil in Form G and issue the foil to the depositor as a receipt for the money deposited.

Procedure on deposit.

NOTE.—If the application is for the summoning as a witness of a Government servant, it shall state his full official designation and this shall be copied into Register A.

10. At the end of the day the officer in charge of the agency shall compare the entries made in Register A with the applications and the counter-foils of receipts issued, and after satisfying himself of their correctness should set his initials against each entry in column 8 of Register A.

11. After the serial No. of Register A has been noted on the application by the agent, it should be returned to the court concerned for record. The counterfoil receipts will be retained by the agent and produced for audit.

12. When the court of a Munsif or Tahsildar is situated at such a distance from the District or Subordinate Judge's Court as to render the frequent transmission of applications to the local agent inconvenient, the District or Subordinate Judge may direct that both applications and money should be received by an official of the Munsif's Court and a receipt in Form G granted to the Depositor by such official. At the end of the day, all such applications, together with the money and counter-foils of Form G, should be sent to the process-serving agent, who will enter the necessary particulars of each application in his Register A and return the applications and the book of counter-foils in Form G to the court concerned with the number, in Register A, of each item noted both on the application and in column 2 of the counter-foil concerned.

NOTE.—Column 2 of the foil will be left blank in such cases.

13. All processes issued by courts for service within the district should be sent to the local agent, and should contain a reference to the amount deposited with the agent.

14. Processes issued by a court for service in another district will be made over to the local agent by the issuing court for entry in Register D and transmission to the District Judge of the district in which the person to be served, resides. The amount deposited with the local agent on account of subsistence and other expenses as noted on the original and duplicate copy of the process will be transmitted by the agent by postal money order to the District Judge of the district in which service is to be effected, the cost of the postal order being borne by the party at whose instance the process is issued. The District Judge of such other district shall, in the event of the process not being served, return the amount by postal money order less cost of commission on such order.

Service through agency in other districts.

15. Courts issuing processes to other districts should take measures to call for the prompt return of the money remitted on account of processes which have not been served, and such sums after being accounted for in the accounts of the local agent in the usual way, should be returned to the person taking out the process, and excluded from the account of the costs of the suit.

NOTE.—Processes received for service from other districts are shown in a register called "Tamil Zillah Ghair," and need not be shown in Register D. Columns 11 and 12 of Register D kept by the forwarding local agent will also remain blank in such cases.

16. Processes issued by a court sitting at the head-quarters of the district or of a tahsil, for service on a person residing within the tahsil, where such court is situated, will be made over to the local agent in charge of the process-serving agency. The local agent will thereupon arrange as follows for payment at the time of service of sums due to persons to whom the processes are addressed.

Service through local agency.

17. Such sums will be given to the process-servers together with the processes, but before this is done the following procedure must be carried out :—

(a) Each process should be entered in Register D.

(b) Payment to process-server should be entered in the appropriate column of Register A against each sum.

(c) Payment entries should be made in Register B and the process-server's acknowledgment of receipt in column 11.

(d) Details of each sum should be entered in the process-server's note book (Form H).

18. When a process-server pays the diet-money to a witness he shall take the receipt of the actual payee in column 9 of his note-book (Form H) as well as on the back of the original copy of the process on which service is endorsed. The payee's acknowledgment should be verified by one or more respectable witnesses, the date and signature of the serving officer being added.

19. The processes whether served or not will be returned to the local agent. If the service is effected and the money connected therewith paid to the payee, the local agent shall verify the service with the acknowledgment of the payee given in column 9 of the process-server's note-book as well as on the back of the original copy of the process, and submit the latter to the Court concerned with the usual certificate of service, at the same time filling up columns 11 and 12 of Register D.

20. In the case of non-service, the undisbursed amount returned by the process-server shall again be entered against a new number in Register A. The new number of Register A should be quoted against the original entry in Register B and noted in column 11 of the process server's note-book, column 12 of which should also be signed by the agent in acknowledgment of the money having been received back from the process-server. The process will then be returned to the court concerned with a certificate of non-service after filling up columns 11 and 12 of Register D.

Service through other agencies in the same district.

21. Processes issued by a Court situated within the limits of one tahsil (whether it be the head-quarters tahsil or an outlying one) for service on a person residing within the limits of another tahsil in the district will be made over to the agent at the place where the court issuing the process sites, and such agent will transmit the process (duly endorsed with the amount, if any, which is to accompany the process) by post or (where absolutely necessary) by messenger, to the agent of the tahsil within which service is to be effected after making the necessary entries in columns 1—10 of Register D.

22. Processes received by one agency from another in the same district will invariably be returned direct to the agent from whom they were received, and he will return them to the court concerned.

23. When the amount to accompany a process or processes transmitted under Rule 21 to any one agency exceeds Rs. 5 a day, the usual entries will be made in Registers A and B, and the amount will be sent by money order to the agent concerned along with the processes, the money order commission being charged to judicial contingencies. The agent receiving the amount shall enter it in his Register A and, after carrying out the procedure detailed in Rule 17 (b), (c) and (d), shall cause the processes to be served and the amount disbursed to the payees in the same manner as if the processes had been issued by one of the courts of his own agency.

NOTE.—Processes received from other tahsils need not be entered in Register D kept by the agent.

24. In case of non-service the amount will be returned by postal money order (the money order commission being met out of judicial contingencies) to the agent from whom it was received, who should enter it against a new number in Register A. The new number of Register A should be quoted against the original entry in Register B.

25. The processes whether served or not should be submitted to the Court concerned with a certificate of service, or non-service as the case may be, after filling up columns 11 and 12 of Register D.

26. When the amount to accompany a process or processes transmitted under Rule 21 to any one agency does not exceed Rs. 5 a day, no remittance by money order need be made. In such cases the following procedure should be observed.

27. Each local agent will maintain a permanent advance account in Form E, a ledger account in Form F with each other agent in the district, and a postal money order commission account.

28. The agent issuing the process will enter it in Register D in the usual way and send it to the agent who is to serve it.

The latter will pay the amount due out of his permanent advance (*vide* Rule 32 *infra*) to the process-server deputed to effect the service, and will at same time enter the amount with the necessary particulars, *viz.*, (*i*) the number of the case, (*ii*) the name of the person on whom the process is to be served, and (*iii*) the name of the process-server to whom the process has been made over for service, on the credit side of his permanent advance account and on the debit side of his ledger account with the agent from whom the process has been received.

29. If service cannot be effected, the amount returned by the process-server will be shown on the credit side of the ledger account and on the debit side of the permanent advance account and the permanent advance at the same time recouped by the amount.

30. If service is effected, the agent who originally issued the process should, on receipt back of the same, enter the amount with the necessary particulars on the credit side of his ledger account with the agent returning the process.

31. The agent to whom a process is sent for service will invariably return the same, with a certificate of service or non-service as the case may be, duly endorsed thereon, to the agent from whom he received the process, and the latter will thereupon fill up columns 11 and 12 of Register D and forward the process to the Court concerned.

32. Each process-serving agent is provided with a permanent advance of Rs. 50, which in certain cases may be increased (*vide* Punjab Government No. 441, dated 14th April 1891) in order to meet payments under these rules. Such advance should be adjusted weekly by postal money order, the money order commission being met out of judicial contingencies. In special cases the District or Subordinate Judge may authorise adjustments to be made oftener than once a week if transactions are very numerous, or fortnightly if transactions do not exceed Rs. 5 or Rs. 10 in a fortnight.

33. When adjustments are to be made, each item of receipt entered on the credit side of the ledger account should be recovered from the general receipts and paid into the permanent advance, the necessary entries being made in Register B, the repayment columns of Register A and on the debit side of the permanent advance account.

34. Both sides of the ledger account with each agency should then be totalled and a balance struck. If the credits exceed the debits the balance should be remitted to the agency concerned by money order out of the permanent advance, the amount so remitted being entered on the credit side of the permanent advance account. If the debits exceed the credits the balance when received from the agency concerned should be shown on the debit side of the permanent advance account, the permanent advance at the same time being recouped by the amount.

35. The permanent advance of Rs. 50 should always be in the agent's hands in cash less the amount paid on account of processes under these rules.

The permanent advance account will be examined monthly or oftener by the District or Subordinate Judge at head-quarters and the Munsif or Special Munsif at outlying tahsils, the balances will be counted and verified, and the date of verification and the signature of the examining officer will be entered therein.

Refund of undisbursed deposits.

36. Any undisbursed balance of a deposit will be paid to the depositor when a refund of the same is claimed by him. In such cases and in all other cases in which undisbursed money has been ordered by the Court to be paid to the proper person, the Court shall issue a payment order (Form I) to the local agent who after taking the payee's acknowledgment in the space provided for the purpose in Form I and making the necessary entries in Registers A and B will pay the amount due. The number to be quoted on the top of Form I will be the serial number of the transaction in Register B.

37. Form I (the Court's "payment order") will remain in force for a period of one month. No payment can be made on lapsed order unless it is renewed in the following manner:—

On the production of a lapsed payment order the authority which originally granted it may, if satisfied that the person producing it is entitled to receive payment, revalidate the order by the following endorsement:—

Renewed ____________

Signed ____________

Dated ____________

The fact and date of renewal should be noted on the original departmental record of the Court. These payment orders will be kept in a guard file for audit purposes.

Registers A, B and C.

38. All entries of receipt in Register A and of payment in Register B and in the payment columns of Register A should be duly attested by the officer in charge of the agency on the day of transaction before the office is closed for business.

39. The daily tatals of receipts in Register A and of payments in Register B wil be carried to Register C and a balance struck therein under the signature of the officer in charge.

40. Progressive totals of daily receipts and daily payments should be made and noted in Registers A and B repectively, beneath the daily totals and continued till the surplus money is remitted into the treasury or till the gross receipts and payments are reported to that office for incorporation in the treasury accounts.

41. Payee's receipts received through the Post Office for amounts sent by money orders under paragraphs 14, 23 and 34 of these rules or under the special orders of the Court should always be pasted against the original entry in Register B. Similarly the coupons of money orders received from other places should be pasted against the entries of the amounts of such orders in Register A.

42. District and Sessions Judges and District Magistrates when inspecting Subordinate Courts should invariably inspect the process-serving officer's accounts and note the fact that this has been done in their inspection reports.

Remittances to the treasury.

43. Each of the process-serving agents shall on the fixed "latest date" of each month close his registers for the month, and enter subsequent transactions under the next month, and shall thereupon submit to the Treasury Officer or Sub-Treasury Officer a memorandum in Form K showing the gross receipts and payments made duriug the month and the balance; and shall, at the same time, remit the whole cash balance in hand to the treasury with a view to its being included in the cash balance of the district If it be found that at the commencement of the next month there are not sufficient receipts to meet demands for payment during the first few days, the demands may be met temporarily by drawing on the permanent advance at the disposal of the process-serving agent, recoupment being made whenever the receipts permit. If at any time the receipts in hand together with the permanent advance are insufficient to meet the demands for payment, the surplus remitted to the treasury may be drawn upon tho necessary voucher being prepared for encashment of the treasury and the amount so drawn shown in Register A.

44. Whenever the sum in the hands of the agent at the head-quarters of a district is in excess of Rs. 200 or in the hands of a tahsil agent of Rs. 100, a remittance of the surplus shall at once be made to the Government Treasury or Sub-Treasury accompanied by a chalan in Form J which will be returned to the agent, duly receipted by the Treasury Officer or Tahsildar as the case may be. It is not, however, necessary to make such remittances until the excess over Rs. 200 or Rs. 100 amounts to Rs. 50, or Rs. 30, respectively. Remittances of a few rupees should be avoided.

45. (a) In addition to the monthly memorandum in Form K sent direct to the Treasury or Sub-Treasury by outlying Courts, all outlying Courts should forward monthly to the District or Subordinate Judge a memo. in Form L.

(b) The gross receipts and payments and the surplus collections remitted to the treasury as reported in the various memoranda in Form L received from outlying Courts shall be entered in the District or Subordinate Judge's own registers in the manner below :—

Add on account of accounts received from—

					Rs.
Tahsil	...	...	...	...	...
Do.	...	...	...	...	...
Do.	...	...	...	...	...
Court	...	...	...	...	...
Do.	...	...	...	...	...

A consolidated memoranda shall then be prepared in the District or Subordinate Judge's Court in Form L mentioned above, embodying the transactions of the whole district, and shall be forwarded to the Treasury Officer for submission to the Accountant-General with the monthly accounts.

(c) District Judges should in the course of their inspection of Subordinate Courts satisfy themselves that these rules are complied with and the accounts properly maintained.

Treasury procedure.

46. (a) The Treasury accounts shall be kept in the form prescribed for Personal Ledger Deposits (Form 42, Civil Account Code). On each occasion that a remittance is made to the treasury, the gross receipts and gross payments noted in the memorandum accompanying the chalan shall be entered in the receipt and payment columns, respectively, of the register. In the balance column progressive balances shall be recorded separately for each month, that is to say, the excess of gross receipts over gross payments shall be added to the previous balance (if any) of the same month.

In the case of the intermediate remittances described in paragraph 44 above, however, the amount actually credited into the treasury should be added to the previous balance to arrive at the progressive balance to be shown in column 5 of Form 42, while the amount remaining with the Nazir should be noted in the remarks column.

In addition to being entered in the Ledger Account, the gross receipts and gross payments shall be carried to the receipt and payment side of the cash book against the head Sheriffs' Petty Account.

(b) As, however, in the case of the intermediate remittances described in paragraph 44 above the whole of the surplus of receipts over payments is not credited into the treasury, but part remains with the Nazir, it is clear that to enter gross receipts and gross payments in the cash book will result in there being a difference between the balances as shown in the Treasurer's and Accountant's balance sheets. To reconcile the discrepancy, the amount remaining in Nazir's hands should be shown separately—

(i) in the remarks column of the ledger account, and

(ii) in the Accountant's daily balance sheet,

the entry in the last being on the same principle as the entry of a sub-treasury balance.

The treasury shall continue to show these balances in the balance sheet until the entry is cancelled by a corresponding credit at the treasury.

(c) In the case of payments made from the treasury from the balance of a previous month or the current month, net payments only will appear in the ledger. In the case of payments from the balance of the current month the progressive balance of the month will be diminished by the amount of the payment, but in the case of payment against the balance of a previous month the balance of the current month will remain undisturbed. When a payment of this nature is made, the fact should, however, be noted both against the entry of payment and against the credit entry of the month from the balance of which payment is made, that balance being at the same time reduced by the amount paid. Any withdrawal of this nature from the treasury should be supported by a voucher in the form prescribed for payments of revenue deposits which will be exempt from stamp duty. These vouchers should be entered on a separate page of the list of repayments, in the first column of which the original month of receipt should be shown and the other columns filled in as in the case of ordinary revenue deposits, except column 2 which will remain blank.

Consolidation by the treasury of Sheriff's Petty Accounts and the monthly revenue deposit accounts.

47. (a) At the close of each month the total receipts and payments of the month as shown in columns 3 and 4 of the register in Form 42, Civil Account Code, shall be entered, respectively, at the foot of the Revenue Deposit receipt and payment registers, in each case, as a single item to be described as "Sheriff's Petty Account" without a number being given to the item or any other particulars being recorded. Similar entries shall be made in the extract registers of receipts and payments of deposits prepared for submission to the Accountant-General.

(b) As an exception to the foregoing, however, a brief analysis should be given on the extract register of payments of revenue deposits of the total amount repaid, showing

the amounts the balances of which have been drawn on, and the amount paid from the balance of each of these months, *e.g.*—

	Rs.
Total payments on account of Sheriff's Petty Accounts ...	980
Paid from receipts of the month of account	700
From the balance of April 1911	40
Do. do. August 1911	200
Do. do. January 1912	20
Do. do. February 1913	20

(*c*) The vouchers described in the concluding portion of paragraph 46 (*c*) above, *i.e.*, vouchers on account of withdrawals from the treasury balance of the Sheriff's Petty Accounts should be submitted to the Accountant-General with the vouchers relating to repayments of revenue deposits. They should, however, be entered on a separate page of the schedule in Form A. F. No. 28, Civil Account Code, Article 30.

(*d*) The treasury will submit to the Accountant-General with the monthly account the consolidated memorandum in Form L mentioned in paragraph 45 above.

Lapsed deposit.

48. Deposits not exceeding one rupee (Re. 1) unclaimed for one whole account year, balances not exceeding one rupee (Re. 1) of deposits partly repaid during the last year, and all balances unclaimed for more than three complete account years lapse to Government at the close of March in each year.

49. Each of the process-serving agents shall prepare a statement of such items in March of each year, and after approval of the District or Subordinate Judge strike off the items from Register A by entering them in the column provided for the purpose, the date on which they lapsed being noted in the column of remarks. The total amount of these lapsed statements should be communicated to the Treasury Officer with the necessary particulars of surplus amounts remitted to the treasury from time to time, and the Treasury Officer will show the total amount of lapses in lump sum in the statement of lapsing revenue deposits submitted by that officer to the Accountant-General. The lapsed statements prepared by the agents and approved by the District Judge should be kept for audit on the spot.

50. Items so lapsed if claimed should only be paid by the Treasury Officer after the necessary sanction of the Accountant-General, Punjab has been obtained on Form 32 B of the Civil Account Code.

Subsistence allowance to Government servants.

51. Diet money, *i.e.*, subsistence allowance deposited for payment to Government servants appearing as witnesses in Civil cases in which Government is not a party, should be credited into the treasury by Courts concerned and should not be paid to the witnesses.

Commission fees to Government servants.

52. (*a*) The acceptance of commission fees by Government servants is governed by articles 71 to 74 of the Civil Service Regulations.

(*b*) The Chief Court, with the approval of the Local Government, have ruled that no fee for a commission issued by a Court subordinate to that of the District Judge shall be allowed to a revenue official below the rank of Tahsildar, without the approval of the Deputy Commissioner.

(*c*) When Government servants other than those mentioned above are appointed as Commissioners in Civil cases and are paid special fees for executing commission, the Chief Court has ruled that the principle contained in the Government of India Resolution No. 11—1173-1190, dated the 8th September 1896, should be complied with, and that unless a Government servant is required to use privately acquired skill or knowledge, which has no

connection with his official work, he should not be allowed to retain a fee for executing a commission. Accordingly, in cases where an official acts in the exercise of his official functions, for example in executing a commission addressed by one civil court to another to examine a witness, the fees realised from the applicant for a commission should be credited to Government.

PART II.—GENERAL.

Audit.

53. The Sheriff's Petty Accounts and the accounts of the property made over to the Nazir for custody shall be audited, as far as possible, once a year under the orders of the Accountant-General by the Examiner, Local Fund Accounts, and a staff of peripatetic auditors.

54. Deputy Commissioners and District Judges should cause to be placed at the disposal of the auditors all account registers, documents, &c., as well as any sudsidiary papers which may be required by the audit officers.

55. The results of the audit will be communicated in printed audit and inspection notes to Deputy Commissioners, District Judges, Commissioners, and to the Chief Court.

56. The Deputy Commissioners and District Judges should deal promptly with these audit and inspection notes. The action taken should be recorded on an interleaved copy or on the margin of the audit and inspection notes. A copy of this annotated note should be forwarded to the Examiner of Local Fund Accounts and a copy kept and produced for the information of the inspecting officer. The objection statement, which accompanies the audit report, should, after the objections recorded therein have been replied to, be kept and put up before the auditors at the next visit.

Embezzlement.

57. Whenever an embezzlement, loss of property, fraud, or grave irregularity likely to lead thereto, is discovered, enquiries shall be instituted at once by the Deputy Commissioner or the District Judge as the case may be, and the details of the case promptly reported to the Accountant-General in the Local Audit Department, who, with regard to article 20, Civil Account Code, Volume I, will take such action as is necessary.

Cutstody of receipt books.

58. Receipt Book Form G should contain 200 receipts with a consecutive book and receipt number printed on each receipt and counterfoil. The stock of these books should remain in the personal custody of the District Nazir who should keep an account of the issue of the books in Form G to the process-serving agents, etc., Form M should be used for this purpose.

Destruction of records.

59. No records or documents filed with the agent should be destroyed till a period of one year has elapsed since they were last audited, and if at the last audit any objection or remark was raised in connection with any record or document such should be retained until the next audit and not be destroyed until one year has elapsed since the removal of the objection originally raised.

This does not apply to those records which under the rules of the Court form part of a case and are filed with the Court Record-keeper.

Miscellaneous Notices and Advertisements.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

Miscellaneous Notices and Advertisements.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

ORDINANCE No. IV OF 1916.

Short title and extent. **1.** (*1*) This Ordinance may be called the Import and Export of Goods Ordinance, 1916.

Miscellaneous Notices and Advertisements.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

Offg. Chief Secretary to Government, Punjab.

Queen Mary's College, Lahore.

THIS school has been founded in order to give girls of the higher ranks an education suitable to their position. The proposed education is to be first and foremost womanly, and pupils will not for the present be prepared for the matriculation examination of the University. The Indian ideals of self-sacrificing motherhood and simplicity of life will be held sacred, and the education given, while conducted on the best modern methods, will seek in every way to guard the ideal of the Indian wife in her home. For this reason the curriculum includes lessons on the care of children's health, simple remedies for ordinary illnesses, "first aid" invalid cookery, and science as applied to the home in the shape of the elementary laws of sanitation, ventilation, etc. Great stress is laid on needlework, and every kind of both Indian and English needlework, plain and artistic, including the use of the sewing machine, is taught by competent teachers.

Study of Vernaculars.—The intelligent study of the mother-tongue is the basis of education in every country, and great attention is paid to the vernaculars. Hindi, Urdu and Gurmukhi are taught by fully qualified teachers, and instruction is given in beautiful writing as well as in reading and composition.

When a pupil has acquired sufficient mastery over her own vernacular, she may proceed to the study of Persian or Sanskrit, Arabic, or French.

Religious Education.—Reference to the list of subscribers to Queen Mary's College will show that all sects are represented; therefore distinctive sectarian teaching cannot be given. There is, however, much on which all religious-minded people agree. The virtues of modesty, self-sacrifice, obedience, gentleness and many others are honoured by all alike. Moral lessons are given daily on such virtues and duties, and these are illustrated by examples drawn from the literature of all nations and all times.

Age.—Parents are advised to send their children at about six years of age, in order that they may obtain full benefit from the courses of instruction.

Fees.—Entrance	...	...	Rs. 10 per month
All classes below Middle	...	...	" 5 "
Middle and High	...	...	" 10 "

No reduction is made for sisters.

Fees must be paid in advance before the 15th of each month.

One month's notice is required for leave of absence or withdrawal; otherwise full fees will be charged.

Fees will be remitted in all cases of prolonged illness upon receipt of a medical certificate given by a fully qualified doctor.

Milk is given twice daily. Extra milk or special diet will be separately charged for.

Games' fee. -Re. 1 a term. Indian shoes or English tennis shoes must be worn on the grass.

Servants.—Sufficient women servants are provided. No private servants are necessary.

Illness.—Medical attendance will be charged for if necessary. All arrangements for care of pupils during sickness will be made by the Principal. There is a small hospital on the premises.

Miscellaneous Notices and Advertisements.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,

Offg. Chief Secretary to Government, Punjab.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J P THOMPSON,

Offg. Chief Secretary to Government, Punjab.

Miscellaneous Notices and Advertisements.

THE following is republished for general information :—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 3831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, signed by the head of the district in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer.

J. P. THOMPSON,
Offg. Chief Secretary to Government, Punjab.
